

# SENIOR COLLEGE CAMPUS MINISTRY PROJECT

Research the following questions and write a 2 page typed paper. You can simply type the questions and give the answers but give complete sentences using proper spelling and grammar. If you are going to live at home as you start college, pick a local church to research what is offered for college-aged church members.

1. Where do you plan on attending college?
2. What is the name of the local parish(es) of your religious denomination (Catholic, Lutheran, etc.) at or near your college? (If you do not have a religious affiliation, research the one that you would most likely attend if you did).
3. What is their website address?
4. What are their worship times on weekends?
5. Import some graphics/pictures of the parish from the website into the paper.
6. Get the street address and mapquest it. Attach the map.
7. Do they have a Newman Center or anything like that? (a Church organization that sponsors retreats, service trips, social activities, etc.)
8. Are there any social events, such as Theology on Tap, or classes sponsored by the parish?  
Examples...
9. Are there any retreats or service trips (alternative spring break trips) sponsored by the parish?  
Examples...
10. If you are on Facebook, do they have a Facebook page? Would you be willing to friend request them? (This would have to be researched at home).
11. Do they have Twitter/Instagram communication or have any other online connections?
12. What is the likelihood that you would attend this parish? Why or why not?
13. Do you understand that you are responsible for maintaining your faith lives after you graduate?  
Elaborate.
