

LIVING THE SCRIPTURES LAST QUARTER TEST

Your last quarter test will be a take home test which is to be typed and of MLA format. There should be an **introduction about the Bible**. You are to do the following for the Books of the Bible listed below:

- a) What was the historical context of the book and about when was it written?
- b) What is one of the key passages of the book?
- c) What are the main message(s) of the book?
- d) How can it be relevant to teenagers today?

Conclude with which book of the Bible that you found most inspirational and why.

In doing this take home test, you may use the handouts from the presentations, BUT that will only give you partial credit. You must **include the notes given in class by Mr. Maag**

This will count for 100 points on your Quarter grade. After this test is calculated into your final grade, if you have 92.5% or higher both quarters and you have no missing assignments, you may be exempt from the final exam. For those who are not exempt, this summary will be a great study guide for your final exam.

I see this as a valuable way for you to bring the semester together as it requires you to summarize the books of the Bible.

These are due on _____
